**INFORMATION DISCLOSURE STATEMENT**

Mail Stop Amendment  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

August 3, 2005

Sir:

The attention of the Patent and Trademark Office is hereby directed to the documents listed on the attached Forms PTO/SB/08a and PTO/SB/08b. A copy of one document is attached.

The documents listed on the attached Forms PTO/SB/08a and PCT/SB/08b were cited in, and include, documents entitled "Annex to Form PCT/ISA/206 Communication Relating to the Results of the Partial International Search," and an International Search Report, which both issued for PCT Application No. PCT/US2004/043770, an application corresponding to the above-captioned application, and are being identified and/or submitted prior to the three-month anniversary of the date of mailing of the International Search Report. Some of the references cited in the International Search Report were submitted to the USPTO in Information Disclosure Statements previously filed in connection with this application.

The above information is presented so that the Patent and Trademark Office can, in the first instance, determine any materiality thereof to the claimed invention. See 37 CFR 1.104(a) and 1.106(b) concerning the PTO duty to consider and use any such information. It is respectfully requested that the information be expressly considered during the prosecution of

this application, and that at least the patents and non-patent publications cited in the attached Forms PTO/SB/08a and PTO/SB/08b be made of record therein and appear on the first page of any patent to issue therefrom.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies the cited documents as prior art against any claim in this application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such document.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

It is believed that no fee is required to make this a complete and timely filing. However, if it is determined that a petition or fee is required, the Commissioner is hereby authorized to charge any fee associated with this statement to our Deposit Account No. 50-0925, and please consider this a petition.

Respectfully submitted,
